Title: Report on the conclave electing Alexander VII

Language(s): Italian

Incipit: //rispetto al Mazzarino era stimolo per portar __?___ L'avversione già presuposta ne' Spagnoli; I Cardinali Lomellino, Chigi, Corrado Imperiale et Albici gl'erano congionti conti grande amicitia

Explicit: Piaccia a Sua Divina maestà che si come si e dimostrato propitio alla sua sposa, in darle un cosi santo, e degno Capo, cosi voglia continuare nella sua benignita, dandoli longa vita e prosperando L'Intentioni, che probabilmente nutrisce nel Cuore. Finis.

Notes: Report, beginning defectively, on the conclave which elected as pope Fabio Chigi who took the name Alexander VII (April 1655-May 1666); although the author of the report frequently refers to himself in the first person, it remains uncertain if he is speaking strictly as an author, or as a participant in the events.
